

Zeppelin receives excellent response at IDEX Show 2009

Zeppelin has had an enormous reception of customer interest at this year's IDEX Military Show in Abu Dhabi / UAE, which was held on February 22-26 at the Abu Dhabi National Exhibition Centre.

In addition to a Communication Shelter mounted on a 6x6 off-road vehicle of the local Zeppelin partner company, the Bin Jabr Group, Zeppelin also exhibited a double-side expandable Command Post which attracted particular interest. The Zeppelin display was attended by customers and military delegations from all over the Middle East and abroad.
